Your partner in Safety and Staffing

At Sideworx Connect, safety isn't just a priority; it's ingrained in our very culture. As a people-centric business, we firmly believe that our workers are our greatest asset. We've invested extensively in top-notch safety and Quality Management Systems to guarantee that each member of our team returns home safely every day. Simultaneously, these systems ensure that our clients receive nothing short of the highest quality of service, allowing them to place their trust in our deliverables without hesitation. At Sideworx Connect, safety isn't just a checkbox—it's an integral part of who we are and how we operate.

More About Us.

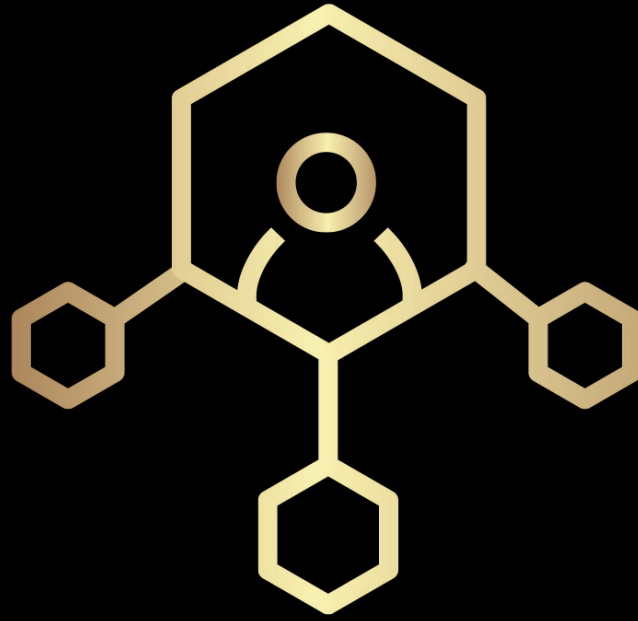

Garrett Schoorlemmer- President/Founder:
EMBA- Executive Masters of Business Administration Graduate with 18 years of experience in the Oil and Gas Industry. Previous Sales Manager with Apex well servicing for 6 years. Grew up in the Peace country on a Farm north of Grande Prairie. Garrett Assisted Apex with their Sales efforts in the Bakken & has many strong relationships from his time there.

Ryan Vekved- Vice President of Operations- Staffing: Petroleum Engineer from Montana Technological University, with 15 years of field experience. Ryan is very hands-on and has a natural eye for quality personnel and has been a key to our success when selecting choice workers for field placement in all divisions. Ryan worked in North Dakota in operations and production in the Bakken Engineering group for HESS.

Our Team is growing every day with key members on staff in the areas of recruiting, dispatch, safety, human resources, admin, accounting, and marketing. Our team is primarily based out of our head office in Calgary with a few key players located in Williston, North Dakota.
